### **Answers for the Worksheet**

1. People do various kinds of work in their lives. People become teachers, doctors, farmers, carpenters, postmen, pilots, etc. It depends on their interests and skills.

2. The lesson introduces us to many different kinds of professions. It describes the roles of doctors, teachers, farmers, carpenters, doctors, barbers, etc. These people play an important role in our lives and help us in many ways.

3. (a) Farmer (b) Teacher (c) Doctor (d) Barber

4. (a) False (b) True (c) False (d) True

5. A farmer sows seeds, grows crops, water them properly and at last harvest it. Farmers grow crops for all the people in the country. We eat food because of their hard work.

6. Carpenter

7. Farmer

8. Teacher

9. Looks after Patients

10. A doctor looks after ill patients. A doctor prescribes right medicines to sick people. A doctor also handles all kinds of emergency and accident cases.

11. Some of the new words I learnt from this lesson are Carpenter, Doctor, Teacher, Farmer and Barber.

12. Doctors

13. The picture shows the teacher teaching a class of students.

14. A Farmer is ploughing the field. It is important to aerate the soil before sowing the seeds for a new harvest season.

15. (a) I am a farmer, (b) I am a Doctor, (c) I am a carpenter

16. A postman delivers our letters to their designated place. He collects our letters from the letter box and delivers it to people who we want to send. It travels from place to place and performs its duty.

17. (a) Carpenter (b) Doctor (c) Teacher (d) Farmer

18. Farmers play a very important role in our lives. A farmer sows seeds for the crops, water them at regular intervals and harvest it properly. We get grains with the help of farmers. We eat rice, pulses, grains and vegetables grown by them.

19. Teachers play an important role in each one's lives. Teachers teach us the basic values of life. They also teach us all important subjects like maths, science, social science and English. They are like our friends who always guide us and enlighten our moral compass.

20.

- a. Teacher: A teacher teaches us all subjects like English, science, social science and maths. They also teach us basic values of life and manners.
- b. Doctor: A doctor looks after ill patients in a hospital. He prescribes medicines to sick people. They also handle people who suffer accidents and diseases.
